Aqua Sub Jr.™

9 Gallon Battery Watering Cart - NC5090PN

The Aqua Sub Jr.™ is lightweight and durable! Great for small and medium jobs, the two-wheeled configuration handles like a piece of luggage. It rolls easily and its flexibility makes it easy to maneuver. The Aqua Sub Jr.™ is easy to transport and there are no power cords to trip over. The direct fill link on the hose delivers the right amount of pressure required to fill the watering systems quickly and efficiently.

Aqua Sub Jr.™

Part# NC5090PN - 9 gallon battery watering cart with 09FBLUT3 connector

9 gallon (34 L) Capacity - Polypropylene tank is sturdy, corrosion-resistant and has a large lid for easy filling. For best results, fill tank with tap water, bottled water or deionized water from the deionizer. (Deionizer Part# PW-1800)

Collapsible Handle - The Aqua Sub Jr.™ is portable and easy to transport. Heavy duty handle is easily secured using locking pins.

Battery - 12 volt battery is included and mounted under the tank.

Charger - Matching charger plugs into a 100-240 VAC 50/60 Hz volt power supply. The charger shuts off when the battery reaches full charge. Contact us if AC voltage requirements are different.

Direct Fill Link - Ships with a pressure regulator and 09FBLUT3 connector. Competitor connectors available upon request.

Manual Watering Gun - Available upon request for manual watering (Part # NC5090PN-MAN).

Hose - 8' (2.4 m) of $\frac{3}{8}$ " (9.5 mm) braided hose is included.

Pump - 1.0 G.P.M. diaphragm pump with in-line fuse.

Wheels - Large wheel base makes it easy to maneuver. Wheel size: 11 $\frac{3}{4}$ " (298 mm)

Assembly - Use locking pins to secure handle.

Shipping Box Dimensions - 26.5" x 19" x 22.5" (673 mm x 483 mm x 558 mm)

Approximate Shipping Weight Empty - 39 lbs. (18 kg)

Warranty - 1 year parts and labor.
