

BATTERY WATERING TECHNOLOGIES

AQUA SUB XTREME™ POWER PRO

THE ORIGINAL AQUA SUB XTREME™
NOW WITH AN INTERCHANGEABLE
LITHIUM BATTERY!

- Included 56-Volt 5.0Ah battery uses industry-leading technology that keeps the battery from overheating so equipment runs longer at full power
- Shock-resistant design protects batteries and electronics from drops and the elements
- Fuel gauge indicator lights display remaining runtime in 20% increments

LITHIUM POWERED - Power the cart using the on-board lithium battery. The removable battery allows the user to replace or purchase additional battery packs for continuous run times.

25 GALLON (95 L) CAPACITY - Thick-walled polypropylene tank is corrosion resistant with a large flip-top lid for easy filling. The translucent tank with gallon and liter graduations allows for quick visual checks of the water level. For best results, fill tank with deionized water from our Deionizer (Part # PW-1800).

ASSEMBLY - No assembly required. The XTREME cart is ready to use out of the box, just add water and go!

HOSE - 15' (4.6 m) of 3/8" (10 mm) industrial hose is included.

CHARGER - Intelligent battery control system monitors each cell's charge and temperature to deliver the quickest, most efficient charge. Charges in 80 minutes.

PART# NC25LPXBPLUS

25 Gallon Aqua Sub XTREME™ Power Pro Cart with
Flow Meter Mount and
Direct Fill Link with 09FBLUT3 connector (DF72)

PUMP - 2.2 G.P.M. (8.3 L.P.M.) diaphragm pump with in-line 15 amp fuse.

STRAINER - Built-in, easy-to-clean strainer prevents debris from entering the pump or your batteries.

SAVE ON SHIPPING - New space-saving design allows for ground shipping rates without any additional surcharge; LTL is not required. Larger orders can be shipped LTL with up to 8 carts per pallet.

WARRANTY - 1 year parts and labor.
